

## **National Cancer Institute-funded Training Program in Distress Screening at No Cost for Competitively Selected Trainees**

Learn how to successfully implement biopsychosocial screening programs of excellence. Workshop is scheduled for **March 23-24, 2017** in Duarte, CA. Receive up to 30 AMA PRA Category 1 Credits.

**Email at [screeningprograms@coh.org](mailto:screeningprograms@coh.org) to enroll now!**

### **Who should attend:**

Physicians, administrators, psychiatrists, psychologists, social workers, nurses, pharmacists, researchers and educators. Multiple trainees from individual institutions are particularly encouraged to apply and teams will be given preference. Under-represented minorities (American Indians or Alaska Natives, Blacks or African Americans, Hispanics or Latinos, Native Hawaiians or Other Pacific Islander) are given special consideration.

- **Engaging oncologists, nurses, administrators and mental health professionals**
- **Knowing Who, What Instrument, When to Screen**
- **Applying effective implementation strategies**

The training will address topics identified as critical to implementing biopsychosocial screening programs (partial list only):

- **Meeting the new standards and evaluating your program**
- **Understanding why screening is so important now**
- **Knowing the benefits and limits of screening**
- **Identifying barriers and opportunities**

**Our Internationally Recognized Faculty** (Partial list only) The workshop will be conducted by internationally known experts who have hands-on experience implementing successful screening programs. The faculty includes distinguished oncologists, patient advocates, psychiatrists, psychologists, navigators, nurses, researchers and social workers. (Partial list only, \*webinars).
