

Social Work and VotER

Tuesday, May 19, 2020
1:00–2:00 p.m. (eastern)

The Covid-19 pandemic has exposed and exacerbated the deep inequalities in our nation, including our healthcare and social service systems. It is also adding additional challenges to safe, accessible, and inclusive elections. It is more critical than ever that social workers help people, especially the disenfranchised, to register and to vote.

Please join this free interactive webinar featuring the founder of [VotER](#), Dr. Alister Martin, to learn more about VotER's new Healthy Democracy Voter Registration Kit that provides simple ways that social workers in all settings--including online--can help clients, students, staff, communities and others exercise their fundamental right to vote. *If you can't make the webinar but would like to learn more and get your free healthy democracy kit for social workers, pre-order yours [here](#) or learn about VotER and social work telehealth integration [here](#).*
