Leading the Way

## Two-Day Workshop

This two day workshop is specifically designed for social workers. Using our systems perspective, excellent communication skills, and years of experience, you will learn about leadership theories, skills, challenges, thinking through transitioning from manager to leader. The networking that is a part of this workshop is invaluable and extends well past the end of the workshop.

### Faculty

The faculty of the workshop have a variety of expert experience as leaders in social work. We have faculty who are Social Work Department Managers, Practice Directors, Executive Director, Clinical Managers, Owners of business. Many also serve as faculty at schools of social work around the US and Canada.

Their extensive experience as leaders in the field informs much of the content of the workshop, in addition to providing "real life" examples to learn from.
